Please note that while the originating agency (county or state) will endeavor to issue these tests at the scheduled times, actual times may vary up to five minutes before or up to 15 minutes after the scheduled time.

If a test is not sent within fifteen minutes of its scheduled time, it will not be sent that day. Instead, it will be rescheduled for the original time exactly one week later. In such an event, look for an announcement on the EASArizona@groups.io mailing list to confirm the rescheduled date and time.
